April 1, 2020

Dear Wilson Creek Families,

This is a difficult time for everyone for a variety of reasons. Almost as soon as we get new information it changes. At this point, what we do know is that school can not resume until April 27. No public gatherings can occur and we all need to stay home as much as possible. What we don’t know is whether or not we will be able to return to school on April 27. As always, as we get more information that is reliable, we will share it with you.

In order to assist you and your students, we are attempting to make laptops available to families that need a device to use during this school closure. Please contact the office by phone, email our Technology Department at nodorizzi@wilsoncreek.org, or commenting on the appropriate facebook post if your student is in of a smart device for educational purposes. This count will ensure that a device will be ready for you to pick up. Without prior notification the district may not have a device available. We have developed a form for families that we have included in this letter, that must be completed to register their student for a device. This from can be submitted ahead of time or upon pickup. Please make sure to have your request for a device in by April 10. We are working on a tentative pickup date and will contact those that have requested devices as soon as they are available.

If school can not resume on April 27, more assignments will be uploaded to our website. If you don’t have internet access, a packet of the assignments can be mailed out to you. Again, let us know and we will do everything we can to help.

As many people have stated over the past few weeks, we are all in this together and by following the guidelines from the state, we will be able to stay strong and healthy.

Sincerely,

Laura Christian
