

WILSON CREEK SCHOOL COMMUNICATIONS

2012-2013 SCHOOL YEAR

Wilson Creek School District has the ability, through a system called School Messenger, to alert parents/guardians with various emergency information as well as meal balance account balances and attendance. School Messenger can send out alerts via an automated phone call, e-mail or text message to a cell phone. Please take the time to fill out the form below outlining your preferences for being contacted in the event of:

- School Emergency (late start, school closure, etc.)
- Low/Negative Meal Account Balance (meal account for a specific student is at or below \$10.00)
- Attendance (system will notify when a student is marked absent)

If you would like to receive phone calls, text messages and/or e-mails for the previously mentioned events, please list that contact information below. If you do NOT want to receive phone calls, text messages, and/or e-mails for a specific category, leave that line blank.

Student/Family Name(s): _____

School Emergency
