

**BANNER YEAR IN WILSON CREEK FBLA**

On behalf of the members of the high school and junior high school FBLA chapters, a huge THANK YOU to the community, parents, staff, administration, and school board for the continued support of the FBLA program this year. We had several projects going as well as completion of national programs. Our high school chapter completed September Sweeps and Non-Stop November programs as well submitting an American Enterprise Project to state. The junior high chapter completed a March of Dimes project and several community service projects as well as completing national programs. Congratulations to the students identified below and their accomplishments. We look forward to next year and completing more and representing Wilson Creek at the regional, state, and national levels.
